NOTICE TO BIDDERS

Certificate of Compliance with Affirmative Action Programs

No contract shall be entered into unless the bidder possesses a valid Certificate of Compliance with Affirmative Action Programs, issued by the State EEO Coordinator, Certification Section, 77 South High Street, 24th Floor, Columbus, OH 43215, dated no earlier than 180 days prior to the date set for the opening of bids.

PREPARATION OF PROPOSAL

The blank spaces in the proposal must be filled in correctly, where indicated, and typed or written in black ink.

The bidder is required to enter a unit price bid in the "Unit Cost" column and to multiply the unit price bid times the quantity set forth for that "Item No." and to then enter the result in the "Total Cost" column. The bidder is further required to enter a lump sum bid in the "Total Cost" column for each "Item No." which requires a "Lump Sum Bid". The bidder shall then add all of the figures in the "Total Cost" column (exclusive of individual section sub-totals) and enter the sum in the space provided for the "PROJECT TOTAL".

Failure by a bidder to enter a unit price or lump sum price for each item set forth in the bid proposal will render the bid non-responsive at the discretion of the Perry County Engineer (hereafter referred to as Engineer).

The "TOTAL AMOUNT OF THE BID" set forth on the "Unit Price Contract" page is only for the convenience of the Engineer in reading bids. The unit prices and lump sum prices entered in the "Unit Price Bid" column will normally govern the award of the contract unless the Engineer determines from the face of the bid that the bidder had a different unit price or lump sum price intent.

Investigation:

The Engineer may conduct such investigations as he deems necessary in order to assist in the evaluation of any bid.

Bid Guaranty - (Payable to the Perry County Commissioners):

Each bidder is required to file with his bid a certified check or cashier's check for an amount equal to five percent of his bid, but in no event more than fifty thousand dollars, or a bid bond for ten percent of his bid payable to the Perry County Commissioners.

Ohio Workers' Compensation Coverage

The Contractor must secure and maintain valid Ohio workers' compensation coverage until the Department as set forth in Section 109.12(E) of the Construction and Material Specifications Manual has finally accepted the project. A certificate of coverage evidencing valid workers' compensation coverage must be submitted to the LPA before the contract will be executed.

The Contractor must immediately notify the LPA in writing if it or any subcontractor fails or refuses to renew their workers' compensation coverage. Furthermore, the Contractor must notify the LPA in writing if it or any of its subcontractors workers' compensation policies are canceled, terminated or lapse.

The failure to maintain valid workers' compensation coverage shall be considered a breach of contract which may result in the Contractor or subcontractor being removed from the project, withholding of pay estimates and/or termination of the contract.

Drug Free Workplace (DFWP) Discount Program

The LPA will declare a bid non-responsive and ineligible for award if the Contractor is not enrolled and in good standing in the Ohio Bureau of Workers' Compensation's Drug-Free Workplace (DFWP) Discount Program or a similar program approved by the Bureau of Workers' Compensation when its bid is submitted. Furthermore, the LPA will deny all requests to sublet when the subcontractor does not comply with the provisions of this proposal note.

The Contractor shall insert in each of its subcontracts a clause requiring all subcontractors to comply with all of the provisions of this proposal note. The Contractor is responsible for ensuring compliance by all subcontractors with all of the provisions of this proposal note.

Time for Submission of Bids:

Sealed bids for the Improvement Project will be received at the following location until 9:45 AM, Wednesday, March 11, 2020.

Perry County Board of Commissioners
121 W. Brown Street
New Lexington, OH 43764

The Board of Commissioners reserves the right to reject any or all bids and to waive any informalities in the bidding as may, in the Board's judgment, serve the best interest of Perry County.

Prequalification Requirements

At the time of bidding, a bidder must be ODOT prequalified for no less than 35 percent of the work types set forth. The prequalification status must continue to be in force at the time of sale, at the time of award, and through the life of the construction contract. This prequalification requirement does apply to subcontractors.

The Contractor shall not sublet, sell, transfer, assign, or otherwise dispose of the contract or contracts or any portion thereof, or of his right, title, or interest therein, without written consent of the LPA. A copy of any such subcontracts must be furnished to the LPA. In case such consent is given, the Contractor will be permitted to sublet a portion thereof, but shall perform with his own organization, work amounting to not less than 35 percent of the total contract cost. The term "his own organization" shall be construed to include only workers employed and paid directly by the Contractor and equipment owned or rented by him with or without operators. Such term does not include employees or equipment of a subcontractor, assignee, or agent of the prime Contractor. An assignment of contract work is considered synonymous with a subcontract to perform work.

To determine whether the Contractor is in compliance with the requirement that he perform with his own organization contract work amounting to not less than 35 percent of the total contract price, the following criteria shall apply:

- (1) The contract amount upon which the 35 percent requirement is computed shall include the cost of materials and manufactured products, which are to be purchased or produced under the contract provisions.
- (2) The percentage of subcontracted work, for purposes of this section, shall always be based on original contract prices rather than actual subcontract prices.

Wage Scale on All Federal-Aid Projects - 01-04-2013

The Secretary of Labor in accordance with Federal-Aid requirements determined the wage rates for this project.

State of Ohio	Decision No. OH130002
	Decision Date 03/29/2013

Please refer to <http://www.wdol.gov/dba.aspx#0> for the most current federal wage determination.

Contractors shall use only the classifications set forth herein on payrolls.

This contract requires the payment of the total of the basic hourly rates plus the fringe benefits payments for each classification in accordance with the following regulations that by reference are made part of this contract:

- 1) The U.S. Department of Labor Regulations, Title 29, Subtitle A, Part 5, Sections 5.5, 5.31, and 5.32, most recent revision at contract execution.

Form FHWA-1273 (most recent revision at contract execution) Part IV. Payment of Predetermined Minimum Wage and Part V. Statements and Payrolls.

The failure to pay prevailing wages to all laborers and mechanics employed on this project shall be considered a breach of contract. Such a failure may result in the termination of the contract and debarment.

The Contractor and all subcontractors shall pay all wages and fringe benefits by company check. All payroll records and canceled pay checks shall be maintained for at least three years after the termination of the Contractor's responsibility as defined in section 109.12(E) of the 2002 Construction and Material Specifications Manual. The Contractor's and all subcontractors' payroll records and canceled pay checks shall be made available for inspection by the LPA, ODOT and the U.S. Department of Labor, upon request, anytime during the life of the contract, and for three years thereafter by the U.S. Department of Labor. Additionally, the Contractor and all subcontractors shall permit such representatives to interview any employees during working hours while the employee is on the job.

The Contractor in a prominent and accessible place on the project, field office, shall post the wage and fringe rates determined for this project or equipment yard where they can be easily read by the workers.

The Contractor and all subcontractors shall submit to the LPA, certified payrolls each week beginning three weeks after the start of work. These payrolls shall be on a Form WH-347 or equivalent and shall show the following:

1. Employee name, address, social security number, classification, and hours worked.
2. The basic hourly and overtime rate paid, total pay, and the manner in which fringe benefit payments have been irrevocably made.
3. The project number and pay week dates.
4. Original signature of a company officer on the certification statement.

Certification of Non-Segregated Facilities

(a) A Certification of Nonsegregated Facilities, as required by the May 9, 1967, Order of the Secretary of Labor (32 F.R. 7439, May 19, 1967) on Elimination of Segregated Facilities (is included in the proposal and must be submitted prior to the award of a Federal-aid highway construction contract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity clause).

(b) Bidders are cautioned as follows: By signing this bid, the bidder will be deemed to have signed and agreed to the provisions of the "Certification of Nonsegregated Facilities" in this proposal. This certification provides that the bidder does not maintain or provide for his employees facilities that are segregated on a basis of race, creed, color, or national origin, whether such facilities are segregated by directive or on a de facto basis. The certification also provides that the bidder will not maintain such segregated facilities.

(c) Bidders receiving Federal-aid highway construction contract awards exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause, will be required to provide for the forwarding of the following notice to prospective subcontractors for construction contracts and material suppliers where the subcontracts or material supply agreements exceed \$10,000 and are not exempt from the provisions of the Equal Opportunity clause.

“Notice to Prospective Subcontractors and Material Suppliers of Requirement for Certification of Nonsegregated Facilities”.

(a) A Certification of Nonsegregated Facilities as required by the May 9, 1967, Order of the Secretary of Labor (32 F.R. 7439, May 19, 1967) on Elimination of Segregated Facilities, which is included in the proposal, or attached hereto, must be submitted by each subcontractor and material supplier prior to the award of the subcontract or consummation of a material supply agreement if such subcontract or agreement exceeds \$10,000 and is not exempt from the provisions of the Equal Opportunity clause.

(b) Subcontractors and material suppliers are cautioned as follows: By signing the subcontract or entering into a material supply agreement, the subcontractor or material supplier will be deemed to have signed and agreed to the provisions of the “Certification of Nonsegregated Facilities” in the subcontract or material supply agreement. This certification provides that the subcontractor or material supplier does not maintain or provide for his employees facilities that are segregated on the basis of race, creed, color, or national origin, whether such facilities are segregated by directive or on a de facto basis. The certification also provides that the subcontractor or material supplier will not maintain such segregated facilities.

(c) Subcontractors or material suppliers receiving subcontract awards or material supply agreements exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause will be required to provide for the forwarding of this notice to prospective subcontractors for construction contracts and material suppliers where the subcontracts or material supply agreements exceed \$10,000 and are not exempt from the provisions of the Equal Opportunity clause.

Certification Against Debarment And Suspension

The bidder hereby certifies, except as noted below, under penalty of perjury and under other such penalties as the laws of this state and the United States of America provide, that the company or any person associated there with in the capacity of owner, partner, director, officer, principal investigator, project director, manager, auditor, or any position involving the administration of federal funds is not currently under suspension, debarment, voluntary exclusion or determination of ineligibility by any federal agency; that the company or any person associated therewith in the capacity of owner, partner, director, officer, principal investigator, project director, manager, auditor, or any position involving the administration of federal funds has not been suspended, debarred, voluntarily excluded or determined ineligible by any federal agency within the past three (3) years; that the company or any person associated therewith in the capacity of owner, partner, director, manager, auditor, or any position involving the administration of federal funds does **not** have a proposed debarment pending; that the company or any person associated there with in the capacity of owner, partner, director, officer, principal investigator has not been indicted, convicted, or had a civil judgment rendered against the company, or themselves by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years.

If there are exceptions to any of the above clauses please set out the exceptions on the lines below. Exceptions will not necessarily result in denial of award, but will be considered in determining bidder responsibility. For any exception noted, indicate below to whom it applies, initiating agency and dates of action. Providing false information may result in criminal prosecution or administrative sanctions.

Execution of this proposal on the signature portion thereof shall constitute also signature of this certification as permitted by Title 28 United States Code, Section 1746.

PER-TR 181

BID BLANK

The bidder shall submit a lump sum price. Breakouts are requested for the following indicated sections or subsections, but only for comparison purposes. The total lump sum bid shall be the sole basis for awarding the contract. Note that the sum total of all breakouts requested may not equal the lump sum total bid.

Breakout Prices:

TR 181	Mobilization	_____
	Clearing and Grubbing	_____
	Substructure Rehab	_____
	Superstructure Rehab	_____
	Roadway	_____
	Engineering/Design	_____
	Misc.	_____
	Lump Sum Total Bid	_____

SCOPE OF WORK

The proposed project shall consist of the following:

Closure of the roadway, including advance warning signs and barricades.

Dismantling and removing the existing bridge.

The proposed structure will be installed on existing substructure.

Existing abutments and pier may require minor repairs once existing structure is removed. This shall be provided and performed as directed by the County Engineer.

New floor beams and 3" x 9" (gauge) corrugated metal decking with bolt down assemblies and end dams shall be installed.

All materials shall be galvanized with 35 year warranty.

HS20 Design Load Rating shall be signed and sealed by a professional engineer in the state of Ohio.

Existing hydraulic opening must be maintained as a minimum.

No in-stream work.

No work beyond existing right-of-way.

GENERAL NOTES

Bid Item Summary

Mobilization

This item shall be included in bid proposal and will also include any and all incidentals.

Clearing and Grubbing

Shall include all tree/brush removal and grubbing as directed by the Perry County Engineer. All labor and equipment costs shall be included in this item for payment.

Substructure

Shall include any excavation, embankment, backfill and repair of existing substructure and all materials, labor and equipment necessary for construction of the abutments.

Superstructure

Shall include all materials, labor and equipment to provide and install the proposed structure.

Roadway

Shall include materials, labor and equipment for all guardrail as on existing structure. Seeding and mulching of any disturbed areas shall be included in this item as directed by the Perry County Engineer.

Engineering/Design

The proposed structure is to be designed to meet HS20 design loading for rehabilitation. Load ratings shall be stamped by P.E. (Ohio) will be included.

Misc.

Perry County will keep existing beams.
